** The color appeared in this catalogue might be different from the actual product.
*** The speed estimate is tested under TOSHO site. Actual speed may vary according to conditions.

Images of half tablet

With such beautiful cross section, there will be temptations to cut even one single tablet!

Blade

Blade

Automated Half Tablet Maker

Cuts tablets evenly
like a sharp sword.

Blade automatically measures the tablet and performs the best cutting.

Only 3 steps to operate.

1. Place the pre-filled cassette on the Blade slot.
2. Enter the desired amount of cuts.
3. Press "START".

Blade makes the perfect cross-section in both sugar coated and uncoated tablets.

This machine significantly reduces the time needed to split tablets in halves.

*Limited to round tablets only.

2 cutters (blades) are coated with a special cemented carbide to ensure the best performance.

Easy to detach and re-attach with a dedicated exchange tool. They are built for more longer last-ing cuts.

Accessibility

The inner parts are easily removed and cleaned. An effortless process to ensure the best quality.

More than **99%** success rate
in producing More than **49%** symmetric halves.

Only **Blade** can provide this unparalleled
quality to split tablets in the market.

*Results presented were measured by weighing the splitted halves under TOSHO site.
